## SYNOPSIS

In the heart of the city's hustle, meet **GILLEAN**, a maverick scientist set on resurrecting the smartest dinosaur, the **TROODON**. With loyal friend **ORLANDO**, they concoct a daring experiment, fusing DNA from an ostrich, alligator, and owl.

Their plans derail when authorities swoop in, forcing a frantic escape, leaving the precious egg behind. In a panic, *Orlando* flings it into a yard, where **ASHER**, a curious kid, adopts it, mistaking it for a parrot egg.

Desperate to retrieve it, *Gillean* and *Orlando* seek help from **MR. COG**, their museum boss and secret ally. But as they race against law enforcement and a rival collector, **SIR MACARON**, tensions skyrocket.

As *Gillean* and *Orlando* navigate deceit and danger, *Asher* bonds with the hatched **TROODON**, unaware of the chaos unfolding. With alliances shifting and danger mounting, they must protect the creature, realizing the true challenge lies in securing its survival in an unready world.
